DEPOSIT CASH	127.00
DEPOSIT CURRENCY	127.00
DEPOSIT TOTAL	254.00

Cash Till Processing

Easy as...

1

Enter ID and password and follow the on-screen prompts.

2

The coins are weighed by denomination - the JetWeigh quickly computes a total and moves on to the next denomination.

3

The JetScan currency scanner quickly counts the mixed currency (no presorting required) and transfers the count to the JetWeigh, providing one concise batch report.

Benefits of the Cummins JetWeigh™ Retail Cash Settlement System

- **Dramatically Reduce Cash Drawer Processing Time**

With the JetWeigh system, cash drawers are counted in a fraction of the time it takes to count a drawer by hand. Unlike competitive equipment, the coin and currency can be counted simultaneously.

- **Increase Count Accuracy**

The accuracy of Cummins coin and currency processing equipment is time-tested and proven in hundreds of thousands of installations.

- **Improve Loss Prevention**

The combination of equipment accuracy, reduced time that employees have cash drawers open, and the unique identification printed out on the reconciliation receipt provides an extremely high level of accountability.

- **Reduce Deposit Drop Time**

Up to 6 customized media types (checks, coupons, gift cards, credit cards, etc.) and all currency totals are easily entered, making quick work of deposit drops.

- **Reduce Coin Deposit Fees**

Coin is recycled, saving on fees for coin deposits and rolled coin purchases.

- **More Time to Devote to Customers and Critical Tasks**

With less time devoted to counting and balancing cash drawers, managers and employees can devote more time to the primary job: Providing excellent service to your customers.

Each printout allows up to 6 customized fields, providing specific detail on the deposit. For example: record detail on the cashier, drawer location, shift, and more.

Once a drawer is processed, the JetWeigh system can print up to 9 copies of the detailed report. See an example of the batch report (left)

Up to 6 customized media types can be entered. Choose the terminology that best fits your business.

The JetWeigh features unique Cummins-Allison software that walks the operator through each drawer balancing procedure.

JetWeigh™ Retail Cash Settlement System

The JetWeigh was specifically designed to fit into small cash rooms, typically found at retail locations. The cabinet is just 13" x 13" x 5 1/4".

Accuracy:	99.99+%
Top Hopper Capacity:	300 circulated bills
Stacker Capacity:	150 circulated bills
Dimensions:	10.75"W x 12"D x 9"H
Weight:	15 pounds

JetWeigh™

Dimensions:	13"W x 13"D x 5.25"H
Weight:	14.5 lbs.

Power:

Voltage operating range is 105-256VAC. Frequency is 50/60Hz. Customer must provide grounded power line protected by properly grounded 15-amp circuit breaker in compliance with applicable local electrical code. Customer must plug three-prong grounded plug (supplied) into properly grounded three-prong outlet. Power consumption at nominal line voltage: 2.0A/1.0A (JetWeigh) 0.6A (JetScan). Power disruptions causing input voltage other than listed in power requirements can lead to improper operation of this device, damage to electrical components, and failure. Such power disruptions are not covered under the machine warranty or preventative maintenance agreement for this device. Power conditioning/stabilizing devices are available for purchase from Cummins-Allison Corp.

For even greater productivity the JetWeigh can also be used with the Cummins two-pocket JetScan. (requires cabinet extension)

LOCAL SERVICE & WARRANTY SUPPORT

Warranty and maintenance of Cummins products are handled locally. Cummins has factory employees in over 50 North American cities plus selected dealers in additional locations. This assures you of prompt, professional and local support.
